

Review Carrier Information

Explanation	Screenshot
1. The Maintain Business Partner app and the search string TM*CAR* for the Business Partner object were already entered for your convenience. Choose <i>Start</i> to view the list of available carriers.	 The screenshot shows the SAP 'Maintain Business Partner' app. The search criteria are set to 'Find Business Partner' with the search string 'TM*CAR*'. The 'By' field is set to 'Number'. The 'Start' button is highlighted with a red circle and the number 1, indicating the next step to view the list of available carriers.
2. Choose <i>TM-CAR-10</i> to proceed.	 The screenshot shows the same SAP 'Maintain Business Partner' app. The search results are displayed in a table with columns: Partner, Description, Name 1/Last Name, and Name 2/First Name. The first row, 'TM-CAR-10 / 69190 Walldorf', is highlighted with a red box and the number 2, indicating the next step to proceed.
3. To review carrier data, choose the <i>Carrier</i> role from the dropdown menu. Note: When the BP role is changed to Carrier, the Transport Data tab appears.	 The screenshot shows the SAP 'Display Organization' app for 'TM-CAR-10'. The 'Display in BP role' dropdown menu is open, and the 'Carrier' role is selected, highlighted with a red box and the number 3. The 'Transport Data' tab is visible at the bottom of the screen.

Explanation	Screenshot
4. Choose the <i>Transport Data</i> tab to proceed.	
 The role CRM010 (Carrier) includes the data from role FLVN01 (Vendor) along with additional TM-specific data, such as: • Regulated Agent Code • IATA Agent Code • CASS Account • SCAC Codes • Airline Codes • Service Level Codes • Carrier Service Codes Choose <i>Next</i> to continue.	

Explanation	Screenshot
5. Choose <i>Purchasing</i> to proceed.	
 The roles FLVN01 (Vendor) and CRM010 (Carrier) permit data maintenance at the purchasing organization level. On this level, you can maintain attributes like the order currency and payment terms you agreed with the carrier. This concludes this simulation.
